

“Free” Half-Day Seminar – March 19, 2010

Presented By: **The Coachella Valley ICC Chapter**

2010 California Electrical Code

This (**free**) half day course will provide you with an interactive approach to understanding the numerous and significant changes to the 2010 California Electrical Code. The material presented is intended to help participants understand the provisions, background and intent of new changes to make relevant decisions on a case-by-case basis. The course will cover 4 entirely new articles, explanations of new terminology and definitions, new commercial, industrial and residential requirements, new swimming pool bonding requirements, and a greater understanding of the importance of grounding and bonding, its proper installation, and the potentially deadly differences between the two.

Who should attend: Inspectors, Plan Checkers and Contractors will benefit and gain a better understanding of the scope and intent of these significant changes.

Instructor: Michael Tooke is a commissioner with the Calbo Training Institute. He is a Certified Electrical Inspector with over 30 years experience in the electrical industry. He is a member of the International Association of Electrical Inspectors, has written articles for nationwide electrical trade magazines, and authored a book on passing the California Journeyman Electrical Exam.

Location: City of Palm Desert (Council Chambers)
73-510 Fred Waring Dr
Palm Desert, CA 92260
